

XXXIV International Symposium on Multiparticle Dynamics

July 26 - August 1, 2004
Sonoma County, California, USA

Soft Interactions
Heavy flavors and identified particles
Fluctuations and correlations
Jet Physics
Particle-astrophysics
Particle propagation in dense matter
Small- x and diffraction

International Advisory Committee

A. Bialas (Cracow), L. Cominsky (Sonoma State), T. Csorgo (Budapest), E. De Wolf (Antwerp), I. Dremin (Moscow), K. Fialkowski (Cracow), G. Gustafson (Lund), W. Kittel (Nijmegen), L.-S. Liu (Wuhan), J. Morfin (Fermilab), W. Ochs (Munich), N. Schmitz (Munich), A. Sissakian (Dubna), C.-J. Tan (Brown), Y.-F. Wu (Wuhan), N. Xu (LBNL)

Local Organizing Committee

K. Barish (UC Riverside, co-chair), L. Cominsky (Sonoma State), J.W. Gary (UC Riverside, chair), M. Gross-Perdekamp (U. Illinois), H. Huang (UCLA), C. Letwinch (UC Riverside), J. Mitchell (BNL), B. Shen (UC Riverside), S. Silva (Sonoma State), R. Soltz (LLNL)

Sponsoring Agencies

United States National Science Foundation (Elementary Particle Physics Program), United States Department of Energy (Office of High Energy Physics), Brookhaven National Laboratory (Brookhaven Science Associates), Lawrence Berkeley National Laboratory (Nuclear Science Division), Lawrence Livermore National Laboratory, Sonoma State University, University of California, Riverside
